Student Feedback Sticky Note Templates

# DIRECTIONS

Are you ready to experience sticky note magic? Follow these easy steps!

**Step 1:** Print the student feedback sticky note template. Check your printer settings. When you place the sticky note on the square they should be exactly the same size.

\*Note, there are 2 pages that have mixed templates and 12 pages that have only one style of template per page so you can mass produce.

**Step 2:** Place sticky notes on top of blank template. Make sure the sticky note is completely inside the box and that you place the sticky part at the top.

**Step 3:** If you are using a printer, place all the templates (sticky notes attached) back in your feeder tray. Each printer is different. My personal printer requires me to put the stick-note-loaded-paper face down and top first. Pay attention to the specific settings.

**Step 4:** Once the paper is loaded in the printer, just re-print the template.

And there you have it! MAGIC!

Step 1

The image shows a blank template titled "Reading Response Stop and Jot Sticky Notes". It contains several sections for student feedback: "Main Idea" with three sub-sections (Detail #1, Detail #2, Detail #3), "Text Clues" with "Background Knowledge" and "My Inference", "Plot Structure" with a circular diagram (Beginning, Middle, End) and a line graph, "What the Author Said" with "My Personal Connection", and "Answers From Text" with "Before Reading", "During Reading", and "After Reading".

Step 2

The image shows the same template as in Step 1, but with six sticky notes placed on top of the sections. The sticky notes are colored pink, blue, purple, yellow, green, and red. They are placed on the "Main Idea", "Text Clues", "Plot Structure", "What the Author Said", "My Personal Connection", and "Answers From Text" sections.

Step 4

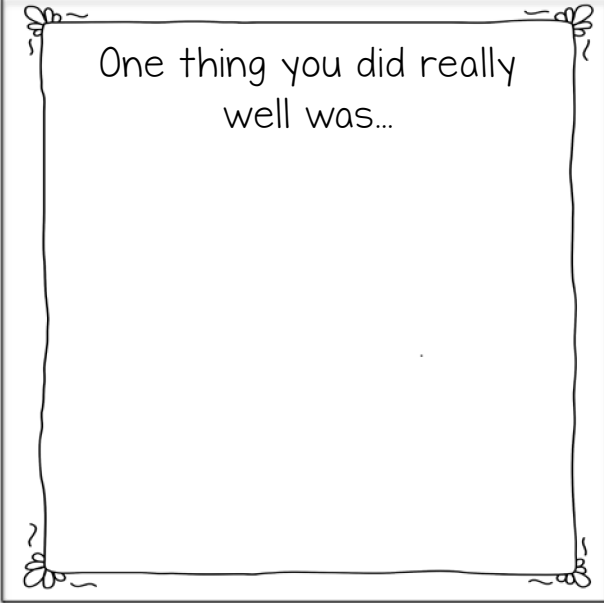

The image shows the final result after re-printing the template. The sticky notes from Step 2 are still visible, but the text in the template has been updated. The "Main Idea" section now has "Detail #1", "Detail #2", and "Detail #3". The "Text Clues" section has "Background Knowledge" and "My Inference". The "Plot Structure" section has a circular diagram with "Beginning", "Middle", and "End". The "What the Author Said" section has "My Personal Connection". The "Answers From Text" section has "Before Reading", "During Reading", and "After Reading".
