Why Should We Implement BYOD at East Side?

BYOD gives our students the opportunity to:
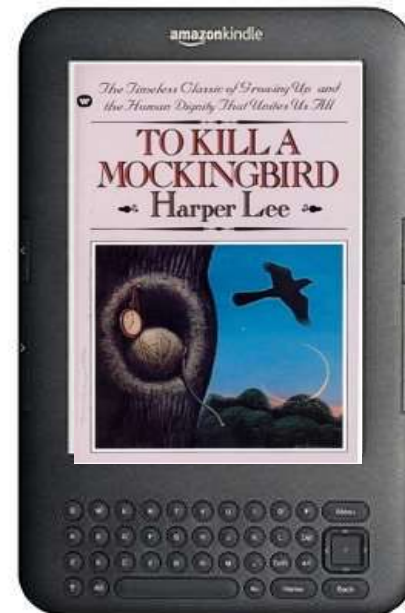

o   Have immediate access to information and on-line academic resources

o   Use devices they are familiar with and comfortable using

o   Take advantage of state-of-the-art applications for learning

o   Participate in more student-centered learning

o   Engage in more one-on-one interaction

What devices can our students use?

* **Laptops**

* **Netbooks**

* **Tablets (iPads)**

* **Ipod Touch**

* **eReaders**

* **Smartphones**

* **Old Smartphones will connect to the WiFi**

(Any wi-fi enabled defice!)

Classroom
# Regulations & Expectations

When will we use them?

For instructional purposes only:

o In the classroom setting

o Under teacher direction

o Not for calls or social texting

Students will…

o **Keep phones and other devices on silent at school.**

o **NOT record audio or video, or take photographs of students or staff for any reason whatsoever without express consent from the teacher and individuals to be recorded.**

o **Comply with teacher requests to shut down their devices or close screens.**

Will students need their devices every day?

No, students will not need to bring their devices to school every day. We still have access to my desktops, laptops, and now iPads.

Only the CCSDBYOD Wi-Fi network will be used.

**This connection has the same filters
students use with school-owned technology.**

3G or 4G networks will not be accessed during the school day.

How do students access the BYOD network?
